Subject: Microsoft Settlement

Dear Sir/Madam,

Subject: Microsoft should be split into 2 companies.

The previously proposed settlement was a complete a joke. This "settlement" only further served to increase its monopoly position.

Microsoft has and continues to act as a predatory monopoly. As such, the company deserves to be split into 2 companies: one company which develops operating systems, and the other company which develops applications.

Microsoft stifles competition and treats its competitors with heavy handed bullying tactics.

I am not connected in any way with Microsoft or any of its competitors.

Thank you,
Kevin Takada
